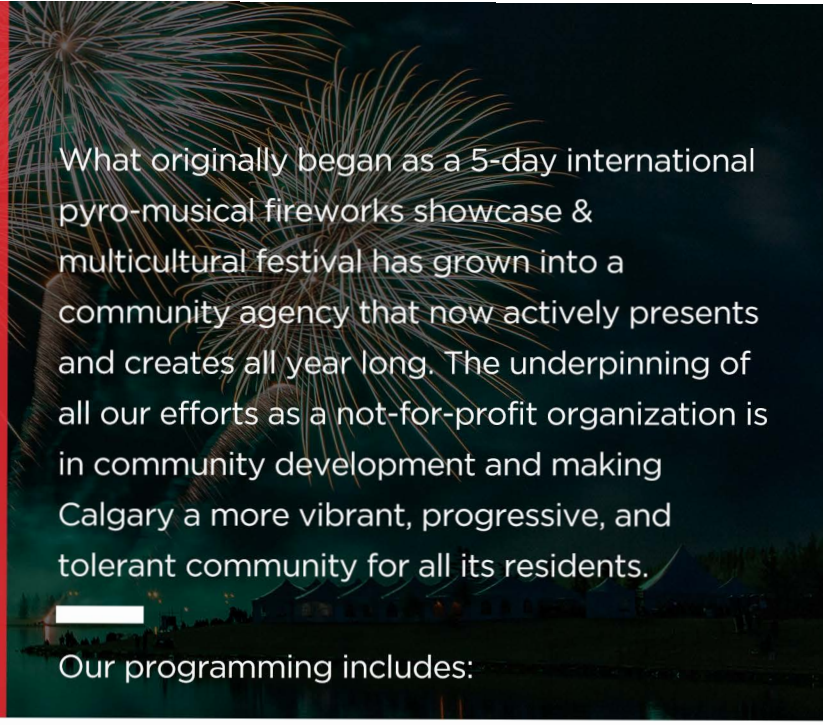
What is GlobalFest? Why you should support GlobalFest?



What originally began as a 5-day international pyro-musical fireworks showcase & multicultural festival has grown into a community agency that now actively presents and creates all year long. The underpinning of all our efforts as a not-for-profit organization is in community development and making Calgary a more vibrant, progressive, and tolerant community for all its residents.

Our programming includes:

GlobalFest HUMAN Rights FORUM

GlobalFest Human Rights Forum, produced in partnership with United Nations in Canada - Calgary Branch, is an annual event that invites speakers and panelists of regard from across the world to share experiences, knowledge, and practical solutions necessary to address issues of racism & discrimination. The Forum provides a safe space and important networking opportunities for community agencies and interested individuals. Through these introductions and gatherings, **our hope is to inspire people towards action and change.** Calgary is the only city in our entire nation to host such dialogues annually, and it is our commitment to ensure these vital discussions continue.

GlobalFest URBAN ARTS PROGRAM

GlobalFest Urban Arts Program uses **art as a catalyst for building self-esteem and place in the community with youth** that are at-risk, marginalized, or new to Canada. GlobalFest invests in training local artists who present youth forums and residency programs to schools and community service organizations throughout the city and surrounding communities. Our artist in residence programs work to build self-esteem and a sense of place in the community while educating youth against violence, bullying, and racism and infusing core curriculum learning at the same time. These programs not only introduce and teach students skills in the urban arts but also provide gainful employment for local urban artists.

OneWorld FESTIVAL

OneWorld Festival's unique cultural performances, heritage pavilions and international cuisine **promotes cultural inclusion and relevance within our city.** A signature event in the OneWorld Festival is our annual Citizenship Ceremony. Held at Elliston Park, this annual tradition has enabled over 1,000 individuals to become new Canadian Citizens. In addition to advancing the recognition and appreciation of the many communities that comprise Calgary's cultural mosaic, GlobalFest also promotes the participation of cultural communities in partnership with organizations such as the Calgary Stampede, Calgary Zoo, Heritage Park, Calgary Tower, Calgary Downtown Association and Alberta Dragon Boat Festival.

Trico Homes International Fireworks Festival

Trico Homes International Fireworks Festival attracts the world's top pyro-musical fireworks designers whose presentations **illuminate the sky with a colliding orchestra of light and sound in celebration of our world**. GlobalFest requires each designer to follow specific artistic requirements that result in presentations that cannot be seen anywhere else in the world - making each night of the festival a world premiere presentation. In the past 18 years, countries from around the world have participated in this annual competition including China, Brazil, Chile, France, Germany, Italy, Japan, Spain, Mexico, India, the USA, and many more.
